" " Tennis NSW re Peninsular School of Tennis

GENERAL BUSINESS:

Jamie reported there was a problem with players applying their own format with regard to letter from Bryce Grossel.

Main Committee felt this should be handled by Tennis Committee.

With regard to quote from All Grass Sports Surfaces, we should reply that we are still interested in the quote, but one factor in making our decision will be to see how they can solve the problem on Court 13 before any final decision is made.

With reference to letter received to vacate premises, Dennis spoke with 2 members of the Properties Office at Council (Messrs Browning and Sodher) re this matter.

Their Solicitor must send a copy of the lease with changes to our Solicitor and a letter retracting their letter of 3/11/99. Mr Sodher actually told their Solicitor that Council may have to absorb some of the costs re this matter as it is not our fault the lease has not been signed.

Dennis explained we did not reply to the letter of early September as we had spoken to Mr Browning after receipt of that letter and felt a letter of reply was not required. We should not have to pay for a lease document which we have not received..

Copy of Annual Statement was received by fax from Treasurer.
