TENNIS COMMITTEE REPORT: Individual grading to stay as is after the next comp. Thursday and Tuesday Night Comp. – meeting held 22/10/01. Grading Parameters have changed – in the lower divisions the Tennis Committee did not know what standard of tennis some of the players were. Troy to follow-up Club Championship fees. Copy of winners and runner-ups needed for Chris so she can get trophies organised – also need copy for GDTA records. Jennifer has had a baby boy Ryley.

L.M.W. REPORT: Pat asked if "Notice of Motions" still had to be put on notice board 21 days prior to ladies AGM or can the LMW Committee submit changes to the Main Association Committee. Hal said he thought they could follow what the Tennis Committee does.

JUNIOR COMMITTEE: A report regarding the Junior Club Championships was handed to each member (copy attached). Some Junior Badge players still not members of GDTA – will endeavour to have all Badge players pay their membership fees when next Badge Comp. resumes. A query was raised by Pat regarding the Paul O'Sullivan Trophy – what criteria has been the practice for electing a player to receive this award in the past. Do they have to be at National level? Pat to follow this up. Also GDTA have some trophies that have only been presented once could they be re-cycled?

GENERAL BUSINESS: Chris Cox mentioned a record board for Life Members. This was discussed before and as yet nothing has been done about it – Chris has a list of Life Members, plus material had been purchased for this task. Meeting agreed that it should be attended to. A list of work to be carried out around the complex to be compiled. Hal to get more quotes re aluminium seating.

Meeting closed 10.00pm.
