

Coaches Report – 20 July 2020

Just writing down the report from the back end of term, through the school holidays and what we have installed for the start of term 3.

By the end of term 2 we definitely saw the growth come back after covid 19. We would have only seen 65% of the business come back. The main classes that came back was the adults both Monday and Wednesday. We've hit 100% of clients coming back for both classes if not probably a slight increase in numbers.

Performance 1 and 2 have both come back to about 100% having 10-15 in performance 1 and having 8-10 in performance 2.

Private lessons have been a massive hit over the last 8 weeks with new clients coming through.

Our hotshots' classes have been the biggest struggle getting back to normal due to covid 19 and us starting back up midway through the term. Overall at the back end of term 2 we probably only had 35% come back to hotshots
We are expecting to double that number throughout term 3.

We have the new fitness program starting up week 1 with Darlene doing bodyweight circuit classes in the afternoon Tuesday, Wednesday, Thursday. We have decent number for Tuesday and Thursday but looking to build through the term with people from the hospital and locals.

Tennis camp was a success over 2 days with the first day being washed out. 58 on day 1 and 61 on day 2.

We really hope that we can get through term 3 and grow without any interruption through covid again.
