MAINTENANCE

NOTE: Electrical installation and maintenance must be performed by licenced electricians only

GENERAL NON-ELECTRICAL MAINTENANCE

For routine sports field lighting maintenance, a yearly nightly inspection is recommended and report on the following:

- a) Light fitting outages
- b) Damaged fittings
- c) Damaged light poles
- d) Damaged cabling
- e) Lux level readings in accordance to Australian standard

If any of the above are reported, please contact Power By Watts for rectification.

FUNCTIONAL CHECK SERVICE

Each sports field light fitting maintained should be activated and checks performed once a year. Testing for correct operation during normal hours shall include but not limited to the following:

- a) Turn all switches OFF & ON to stop dust build-up
- b) Turn all circuit-breakers OFF and reset
- c) Check for high resistance joints,
- d) Luminaire cleaning and inspection,
- e) Inspect for any sign of vermin damage in the cabinet.
- f) Remove any graffiti on cabinet,
- g) Trim all trees that interfere with fittings (if required)
- h) Check all support structures for their integrities

If any issues are reported, please contact Power By Watts for rectification.

WARRANTY

We confirm a five (5) year warranty for the design, supply and installation of LED lighting.

The warranty covers the entire lighting system for 5 years from the date of shipment, including specified light levels.

Parts and labour shall be covered such that individual luminaire outages will be repaired when the usage of the court is materially impacted. Please note – the owner agrees to check fuses in the event of a luminaire outage.

Warranty does not cover weather conditions events such as lightning or hail damage, improper installation, vandalism or abuse, unauthorized repairs or alterations, or product made by other manufacturers.

If any issues are reported, please contact Power By Watts for rectification.
